Subject: FY14 RSO Workbook R5 (Mark's Comments).xlsx

I have a few comments.

These are in the Spreadsheet:

Red Lake has agreements with 3 tribes, so I tried to clarify that instead of saying "potential."

Mille Lacs has agreements with 2 tribes and is working to get them with 2 more.

One more comments:

I noticed that Red Lake and Mille Lacs get the least amount of money in Minnesota and they seem to do the best work for us. I think we need to bring that to the attention of the tribes in Minnesota, at least Leech Lake.
